ASTIGMATISM.

What It Is, and How Corrected.

Astigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the film known as the Cornea. Of course no instrument is sufficient to correct it, but in the hands of a thoroughly efficient and competent Eye specialist the ophthalmometer reveals the exact condition of the eye in a way that nothing else can. If your eyes need attention have DR. J. T. JOHNSON to put them under this wonderful treatment. Office hours 8:30 to 12:30; 2 to 6. 302½ S. Elm St.

THEIR CRYSTAL WEDDING.

Mr. and Mrs. Neil Ellington Give a Happy Reception.

Yesterday was the fifteenth anniversary of the marriage of Mr. and Mrs. Neil Ellington—their crystal wedding day—and the event was happily celebrated last evening by a reception from 9 to 12 o'clock tendered a number of their friends at the hospitable Ellington home on West Market street. Eighty guests were present and the house was modestly but beautifully decorated with palms and roses.

Mrs. Cornelius Mebane and Mrs. Will Allen welcomed the guests in the hall and Mr. and Mrs. Ellington received in the front parlor, where palms and white roses were arranged with lovely effect. Mrs. Ellington was becomingly gowned in white.

In the library the Greensboro orchestra dispensed sweet music, Miss Lizzie Crocker presiding at the piano. Here red roses predominated. In this room also the long list of handsome presents were beautifully arrayed. The presents consisted of cut and Bohemian glass in every imaginable shape.

Misses Reid, Small, Mebane and Porter received in the dining room which was profusely decorated with palms and pink roses, while Mrs. W. C. Porter presided at the tea pot. The refreshments were: Salads, olives, cheese straws, salt almonds, etc; ices, pink and white, cakes and bonbons.

The affair was, throughout, one of the most pleasant Greensboro people have enjoyed in many a day. Everything was done in the host and hostess' easy, hospitable way and everyone was charmed throughout the evening. The event will have a conspicuous place in the happy remembrances of all who attended. The Telegram joins their numerous friends in wishing Mr. and Mrs. Ellington many happy returns of their wedding anniversary.

IN THE MAYOR'S COURT.

A Number of Law Breakers at the Bar of Justice.

Mayor Taylor's court was somewhat larger than usual yesterday afternoon and before his honor began a career of trouble for more than one darkey.

William Murphy was the first innocent looking Son of Ham to get a dose. William was arrested by Officers Pearce and Jeffries, charged with selling liquor. When arrested a quart bottle of snake medicine occupied a snug, specially prepared pocket in his "jim-swinger" and a glass, in which it was served to customers, occupied another. Mayor Taylor bound him over in bond of $100. He will be tried in other cases this afternoon.

Charlie Booze was the next man called. Charlie was also charged with the illegal dispensation of the beverage which sometimes bears his name, but the trial was postponed until this afternoon. Officers Pearce and Scott had caught him.

Dewey Bicket, another highly colored gentleman, was arraigned for assault and battery on a colored woman whose face he had pounded in to such a shape that her most intimate friend would not have recognized her. "Five dollars and cost" said the mayor.

"Major" Brown, colored, contributed $5 for whipping a horse.

NO BURGLAR—BIG HUNT.

And a Washington Street Resident Repents of His Bravery.

There was an exciting hunt for a burglar on East Washington street soon after dark last evening and as a result, the gentleman who gave rise to the excitement is very "mum" today. The family of his next door neighbor left the city on a visit a few days ago, leaving the house vacant and thinking he heard some one promenading in the temporarily unoccupied house the gentleman in question gave the alarm, first sending for a policeman. Summoning a number of neighbors to help him keep guard until the arrival of an officer, he gave orders to surround the house and call a halt on everything that moved.

Upon the arrival of the cop the house was searched and there being no signs of any intrusion or molestation the watchmen and crowd disappeared; not until their director had been severely guyed, however.

The brave neighbor had probably heard some noise made by the shifting engine on the railroad yard nearby.

THE THREATENING WEATHER

Will Throw a Damper Upon The Washington Peace Jubilee.

SOUTHERN STATES IN EVIDENCE

Very Largely at The National Capital—The Hotels Crowded With Eager Visitors.

Special to THE TELEGRAM.

Washington, D. C., May 23—With threatening and overhanging clouds, and occasional showers, the prospect yesterday was anything but pleasant for the national peace jubilee. In spite of the appearances, the weather officials, who claim "inside" knowledge, held out promises for fair weather, the predictions being for threatening weather Monday night, followed by fair Tuesday, and generally fair weather continuing until Friday. It is devoutly hoped for the benefit of the large number of visitors who are arriving by every train, and those who have spent so much time and energy in getting up the Washington celebration of the restoration of peace between the United States and Spain, that these roseate predictions may be ulfill d

At both the Pennsylvania and Baltimore & Ohio stations during the day Monday the arrivals were very numerous, the waiting rooms presenting a scene reminding one of an inauguration time. Virginia and North Carolina are well represented in Washington, a large number of visitors being here from both states. All of the down-town hotels, the Metropolitan, National, St. James and Howard House are filling up with guests rapidly, but at all of these hotels, it is stated that there will be plenty of room, and that no one need fear being turned away on account of lack of accommodations. For those who prefer to go to private residences, there are plenty of rooms, and at both of the stations the committee in charge of the reception of visitors have stationed courteous guides who consider it a pleasure to aid in every way possible persons desiring to find accommodations during the jubilee. Prices for rooms and board are moderate, there being, so far as can be learned, excepting in a few instances, no advance in prices, no attempt to "gouge" visitors, as is sometimes done at large gatherings of this character.

Troops from Maryland, Virginia and Pennsylvania, who will take part part in the military procession which will be one of the features of today's program, arrived on the late trains Monday afternoon and night. The procession starts this afternoon promptly at 2 o'clock. Last night the grand court in front of the president's mansion was brilliantly illuminated, crowds of people, mostly pedestrians gathered in that section of the city to witness the beautiful effect.

The fireworks display to be given on each of the three nights on monument lot will be especially fine, no expense having been spared to obtain the best possible display for the occasion.

Earnest efforts have been made to secure a partial holiday, at least for the employes of the general government, and this request has been complied with. It was reported late yesterday afternoon that the executive departments will be closed at one o'clock p. m., on each day of the jubilee. At first it was hoped to have the departments closed at noon, but this concession could not be obtained. Nearly all of the processions, parades and pageants start at 2 p. m., so this will enable the employes to witness all of the leading features. The public schools will close at noon. The district offices, and probably also the national banks, and many business houses will also close at one o'clock on each day of the festivities.

Mr. and Mrs. Frank G. Carpenter have left Washington for their summer home in the mountains of Virginia, near Snickersville, Loudon county, where they will spend the summer months, returning here in the fall. THE DEADLY CIGARETTE.

The most scientific and deeply learned physicians of today who have carefully studied the question, tell us that the cigarette is a greater evil than intoxicating liquor. Upon the minds of the coming generation this great evil has fastened its tentacles with such subtly-potent tenacity that no abject pictures to the mind of the young indulger of the awful effects of the little rolls, can scare him into a disusage, nor has any legislation yet been enacted sufficiently drastic to force him to abandon the dangerous habit. It is a well known fact that cigarettes destroy the will power, paralyze the energy, seriously impair the intellect, and weaken the heart and the brain, but there is another dangerous tendency which the excessive use of the little rolls engender. We notice the following dispatch in the morning papers:

Cincinnati, May 22—The national convention of charities and corrections was address today by Geo. Torrence, of Pontiac, Ill., superintendent of the Illinois State Reformatory, on "The Relation of the Cigarette to Crime."

After reciting his experience with boys coming to his institution, Mr. Torrence said:

"I am sure cigarettes are destroying and making criminals of more of them than the saloons."

In this reformatory now there are 278 boys.

"Of 63, averaging 12 years of age, 58 were cigarette smokers. Of 133, average age 14 years, 125 were cigarette smokers. Of 82, average age 15 years, 73 were cigarette smokers. This demonstrates that 92 per cent. of the whole number were cigarette fiends at the time of committing crimes for which they were committed to the reformatory."

The general discussion developed a similar experience with others connected with reformatories for boys.

The Electric Vehicle Transportation Company has been formed in Atlanta to control the operation of automobiles in that city and the state of Georgia, with a capital of $100,000. It is proposed to manufacture these vehicles at such a low cost that their use will become common. Soon all over the country these horseless carriages will be used. The "jaded steed" must go.

This cold, raw and damp spell of weather, known among the farmers as the "long, wet season in May," is said to be injurious to cotton, and that the crop is suffering greatly. It is during this season, also, that the "flea bug," the great enemy of young tobacco plants, gets in his work

The belief is growing daily that the constitutional amendment will carry North Carolina overwhelmingly at the next election. The white men of the state, without regard to party, should vote for it.

It is reported that General Funston says he hasn't gall enough to ask for the political office he would like to have. Then the report that he was born in North Carolina is an error.

The council of peace at The Hague may yet end in a scrap among the braves over the manner in which the world should be peaceful.

It is stated upon excellent authority that insurgent resistance in the Philippines is on its last legs.

One of the most surprising things of this age is the number of ditches the Filipinos have.

In value to a community, good roads are second only to a railroad.

DR. SMITH IN WINSTON.

His Excellent Sermon at Salem Female Academy.

The following is taken from the account, which appeared in yesterday's Winston Sentinel, of the baccalaureate sermon, by Dr. Egbert W. Smith, of this city, before the graduating class of Salem Female Academy:

"Live to Make Others Happy," was the theme of the beautiful discourse. The text was from Matthew 20:28: "Not to be Ministered Unto, but to Minister." Addressing himself to the class Dr. Smith said that God reveals to us in the words of the text the true starting point in character. We are here to be waited upon. We are the center around which we expect others to revolve. We love those who love us and enjoy pleasant company. True character is "to minister, not to be ministered unto." Your true principle should be "what can I do for others." We should no longer judge others by their attitude toward us. What is the great symbol of Christ like? It is not the throne or the mountain top. The cross is the grandest symbol. Man is not living for himself, but when he tries it he loses himself. Service to God is not thought of self, but the thought of others.

Dr. Smith said that some members of the class no doubt came from lovely country homes. He then spoke of the living stream that sings as it rushes through the valleys and of the dead and useless pool. He asked the class: "Will you be a dead pool or a live stream." You all wish to be happy and that is God's wish for you. The greatest joy comes to those who are living to make others happy. I bid you follow these as they follow Christ" continued Dr. Smith, who added that the doors of this blessed life to "minister unto" are ever open.

Dr. Smith spoke practically in telling the young ladies to make their parents happy upon their return home. Help the mother in her work and make her and father feel that they have the dearest girl in the world. "Let your education be that of help and inspiration to others." He admonished the young ladies to let their influence be for good in society. "Where shall we look for example?" he asked. Only to educated young ladies, he answered. Into the homes of the poor, sick and suffering God calls you to enter. God only knows what will be your mission in this world. In concluding his earnest message Dr. Smith urged the class to heed the eight words which composed his text—"not to be ministered unto, but to minister."

After an earnest prayer by Dr. Smith Miss Settle, of the Academy faculty, sang a sweet solo. The congregation then sang a selection and the delightful service closed with the benediction by Dr. Smith.

LAKE CITY'S TROUBLE.

A Postoffice Badly Wanted, but Poor Prospect of Getting It.

Washington, May 22—Representative Norton, of South Carolina, is in Washington attempting to get the postoffice reestablished at Lake City, where the negro postmaster Baker was killed, but the postoffice department says it will not reestablish the office until the community has made a serious effort to convict the persons who killed the late postmaster. Norton insists that the lack of a postmaster works a great hardship, but the department insists that when a community sees fit to do its own removing of postmasters the department will not see fit to continue to do business there. It is said that another effort will be made to convict the Lake City lynchers. The two men who turned state's evidence are still working in the postoffice here. Norton presented the case to the president today, but the only satisfaction he received was a promise by the president to consult with the postmaster general.

Honorable Wounds.

"I hear you bragging around here a good deal," remarked a Boston drummer to Colonel Bumbgardner in the rotunda, "and now I want to ask:

"Were you in the war?"

"You bet I was," hotly replied the colonel, "and I got wounded, too."

"Where at?" asked the codfish man, doubtfully.

"Where at? Why, I was shot in the horse!"

"Make pay, from boarders, while the sun shines," is the way the wily farmer sizes up an old adage.

Wig—"Your wife's a very jolly woman. She's always trying to make game of somebody." Wag—"That's right. She often makes me quail."

Beats The Klonkike.

Mr. A. C. Thomas, of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemmorhages; and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Trial bottle free at C. E. Holton's drug store. Regular size 50 cts. and $1.00. Guaranteed to cure or price refunded.

Agents, administrators, trustees and all persons holding property in their own right or by virtue of their agency or otherwise are hereby notified to come forward and list the same, as a failure so to do will subject them to a double tax.

The Moon's Phases.

The wife of a man named Moon, in Arkansas, presented him with a fine boy. This was the new moon. The father celebrated the event by drinking himself full. This was the full moon. When he awoke from his drunken stupor, all he had left in his pocket was twenty-five cents. This was the last quarter. His mother-in-law beat him over the head with a club, thus giving him a total eclipse.

People who have once taken DeWitt's Little Early Risers will never have anything else. They are the "famous little pills" for torpid liver and all irregularities of the system. Howard Gardner.

Tell your friends that you paid only $15 or $20 for it and they won't believe it. Don't seem credible. SMALLPOX IN MORGANTON.

Four Whites Have Already Died From the Terrible Disease.

Morganton, N. C., May 20—Our town has smallpox. Fourteen cases were examined and passed on by Dr. Long, state smallpox expert today. He says it is confluent smallpox.

The board of aldermen have ordered compulsory vaccination after Wednesday, May 24th, and a shot gun quarantine has been established around all cases. So far two deaths have resulted. Both white.

The town is considerably excited. All the cases so far are confined to the suburbs of the town. The authorities hope to keep it under control. A pest house has been opened.—Special to News and Observer.

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft-repeated experience of trust-worthy persons may be taken for knowledge. Mr. W.M. Ferry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. For sale by C. E. Holton.

Always on the wing—feathers.

The sea serpent is on the move.

Some men improve upon acquaintance, and others are apt to impose.

Every man has his walk in life, but the fancy baker's is the best, because it ought to be a cake-walk.

If you have piles, CURE them. No use undergoing horrible operations that simply remove the results of the disease without disturbing the disease itself. Place your confidence in DeWitt's Witch Hazel Salve. It has never failed to cure OTHERS. It will not fail to cure YOU. Howard Gardner.

The body of Mrs. Martha White, who lived alone in the woods near Webster Centre, Mass., was found in her little hut, and marks on the head indicate foul play.

If you suffer from tenderness or fullness on the right side, pains under shoulder-blade, constipation, biliousness, sick-headache, and feel dull, heavy and sleepy, your liver is torpid and congested. DeWitt's Little Early Risers will cure you promptly, pleasantly and permanently by removing the congestion and causing the bile ducts to open and flow naturally. They are good pills. Howard Gardner.

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. THE OLD REBS

Gave a Rebel yell and carried Charleston by storm. They have the right of way on all occasions; and in fact they are entitled to it. Just so with

Harry-Belk Brothers Co.

They have carried Greensboro by storm—captured the whole city and country without encountering the slightest obstacle. We did not raise a Rebel yell to accomplish what we have done, but simply turned loose our "Gatlin gun" and shelled the woods. The same was loaded with panic goods. Railroad wrecks and the like brought them down at long range. To see the crowds flocking to our store you would think we had another Confederate

RE-UNION

here, but it is this Cuban warfare among prices liberates our bargain counters and, my, the way the way the masses are accepting the situation—freedom from the galling yoke of high prices and big profits is enough to stir the country from center to circumference. "Watch out!" Our buyer has been in New York and Boston for some time closing out shoe manufacturers, clothing merchants, dry goods stocks, etc, at often less than the cost of making. Going north at this season gives us a decided advantage over others, for all manufacturers are anxious to clean up the stocks on hand before the fall season opens. Few goods piling in every day.

Listen! Checks 2c, calico 2c, bleaching 4c, towels 2½c, lawns 2c, ladies' patent sandals 68c, worth $1.50; ladies' and children's Oxfords and slippers 25c up. Never before had goods so cheap. All we ask is for you to see them. It is like picking up dollars. We have bargains to offer you all our store, so if dollars are worth anything to you, you can save them by looking through our stock of dry goods, notions, shoes, hats, gents' furnishings, etc., much easier than you can make them, no matter how easy they come.

So hide out, little ones, and give the people the right of way to

What Wilson Says of "Capt. Dick."

Wilson has been on the tiptoe of expectation for the past ten days for glories of Bertram and Willard's great military play "Capt. Dick" had been heralded by press and people. It was a great night for the large, cultured audience that greeted our amateurs, and likewise a great night for the talented authors and actors under whose personal direction the play was produced. "Capt. Dick" is a play for everybody to see as was fully known when it was announced that it was to be given under the auspices of the ladies of the Methodist church, and last night preachers and people met in the evening's grand enjoyment. As the curtain came down every one said: "The best amateur performance ever seen in Wilson."
